Dear Mr. Dillon,

It is my pleasure to inform you that I have examined the Non-Conformance responses that you have submitted to the Vehicle Certification Agency and found them all to be fully satisfactory. Please accept this letter as confirmation that we have fully reviewed your capabilities and believe that Davis Instruments will have no problems in maintaining Conformity of Production related to 72/245/EEC as amended by 95/54/EEC for the combined Car Chip and Drive Right product lines.

Thank you very much for allowing the Vehicle Certification Agency to inspect your facility and processes. We wish you continued success in your business.

Sincerely yours,
